

Knightwood Chase, Fordingbridge

Travel Plan Pack

Welcome to your Travel Plan Pack

Here you will find information on how to take up more sustainable travel opportunities within your development and within the local area.

Within the framework of Knightwood Chase, we have assessed travel options and destinations to provide guidance aimed at promoting greater utilisation of sustainable travel methods. This initiative not only fosters sustainable travel but also aims to reduce the adverse effects of development-related traffic on the local road network and the environment. By promoting and monitoring the type of travel and the choices available for residents, the Travel Plan will look to:

- Increase awareness of the advantages and availability of sustainable / active modes of transport
- To promote health and fitness benefits of active travel to all users
- To introduce a package of physical and management measures that will facilitate travel by sustainable modes
- To reduce unnecessary use of the car for journeys to and from the development by residents

As well as your Travel Plan pack you also have your own dedicated Travel Plan website which provides further information on sustainable travel. Please visit: cala-thames-travel-plans.co.uk.

If you have any questions or you need to get in touch please contact your Travel Plan Coordinator via the following email address: knightwoodchasetpc@i-transport.co.uk.

Your Development

Fordingbridge is a town located in the New Forest providing a range of retail, leisure and educational opportunities for residents as well as being located close to nearby destinations including the New Forest, Salisbury and Ringwood.

A full local area plan including walking and cycling routes, bus stop locations, schools, shops and leisure facilities can be found within the Travel Plan pack.

Your Local Area

Knightwood Chase has a range of retail, leisure, education and employment opportunities which you have access to as well other nearby destinations in Ringwood and Salisbury.

If you are interested in getting involved in local community groups nearby, have a look at some that take place in the local area!

Walking and Cycling

Knightwood Chase is surrounded by numerous walking and cycling routes offering sustainable access to Fordingbridge town centre and other nearby amenities.

- Walking facilities are provided locally to the site, with a footway running along the southern side of Station Road. Station Road connects Ashford Village to Fordingbridge town centre, and the footway continues for its entirety, from the roundabout between Station Road and Ashford Road to Shaftesbury Street in the west and east directions respectively.
- A number of public rights of way (PRoW) are located within the immediate vicinity of the site, the most relevant being the bridleway route 80 forming Marl Lane. The bridleway runs along the eastern border of the Site, where it continues travelling north up Marl Lane, from Station Road to Rockbourne Road and Whitsbury Road.
- There is a Regional Cycle Route between Alderbury and Shaftesbury in the north and south where it adjoins with the National Cycle Network Routes 24 and 253 respectively. The RCN RB is most easily accessed at the mini roundabout junction between Salisbury Street / the B3078 Bridge Street / the B3078 High Street in the centre of Fordingbridge.

Car Sharing

Around 2.5 million people share their commutes to work every year in the UK. This removes 1.25 million cars from roads and saves around 1.25 million tonnes of CO2 per year. Car sharing is a great way to reduce the amount of solo car trips on our roads not only for work trips but for all trips.

Other benefits include:

- Reduce the need for parking
- Meet new people in your community
- Save on money spent on fuel – up to £150 a month!
- Reduce the stress of driving

What's Next?

As part of the planning application for the development, a Travel Plan document was prepared which sets out the objectives and benefits of suitable travel and the overall scheme. This document also sets out the targets and measures which the development will look to achieve over a 5-year monitoring period.

Monitoring will be in the form of questionnaire and multi modal surveys throughout the 5-year monitoring period. These surveys will determine the level of different forms of travel undertaken by residents and will help understand any barriers to particular types of travel. The results from these monitoring surveys will be reviewed and monitoring reports will be produced to understand the effectiveness of the Travel Plan which allow for any changes to be made.

The results of the surveys and monitoring reports will be uploaded to the Travel Plan website.

Travel Plan Voucher

As part of the Travel Plan, each household is entitled to a sustainable travel voucher with two options to choose from;

- £50 towards the purchase of cycle equipment
- £50 towards bus taster tickets on local services
